MAKE 'EM FIGHT

Ichabods Expect To Give K. U. Interesting Game.

Many Washburn Students Are Going to Lawrence.

Altho Dr. A. R. Kennedy and his Washburn men have had no "impossible illusions" as to their prospects tomorrow afternoon when they go against Beau Cleot's K. U. Jayhawkers at Lawrence, the Ichabods are roving down with band, brass and bushels of enthusiasm and the wearers of the Blue expect to give the Mt. Oread batters at least an interesting game.

Coach Kennedy and his players will leave Topeka early in the morning so that they will have the effects of the "rattlers" worn off by game time. The band, brass and rosters will take a later train that will get them to Lawrence just before game time.

The Ichabods have been working hard for the K. U. game and it was announced this morning that they are in fair condition and the best of spirits. Their physical condition is not what it might be on account of the fact that the contest with the Hard Shell Baptists from Ottawa last Saturday proved rather bruising to some of the men, but they have been working and doctoring all week and expect to put up one of the stiffest oppositions they have offered since the opening of the season.

Harvey Out of Line Up.

The Washburn team is handicapped in having "Major" Harvey out of the line up with a cracked rib, but this will be largely offset by the fact that Jim Perry will be in better condition than he was last week and should be going his best. Perry will have Hope and McCord in the back field with him and Doctor Kennedy announced today that Heller and Callahan will play end; Hutchinson and Captain Logan, tackle; Stenger and Pettit, guard; Askew, center; and Baker, quarter.

The coach also has been devoting a great deal of time to his second string men and expects to use a number of them.

Little dope has come from the K. U. camp this week, altho it is presumed

Jim Perry One of Washburn's Best Bets In Battle With K. U.

Watch Him Go Thru the Jayhawker Line Tomorrow Afternoon.

When the Washburn Ichabods go against the Kansas Jayhawkers at Lawrence tomorrow, watch Big Jim Perry!

That is the word that has passed out by the supporters of the Washburn team, and that is what most of the critics and close followers of the team believe. Playing his first year in collegiate football last year, Perry was one of Dr. Kennedy's most valuable men, and he did consistent work throughout the season. This year he is more experienced and should be even a more valuable man.

Perry did not enter school until a little over a week ago, but immediately joined the football team. The Ichabods began to pick up as was shown by their victory last Saturday over a team much stronger than the one that defeated them the Saturday before.

Perry is a Topeka boy, the son of Harry A. Perry, of 819 Taylor street. He will play fullback in tomorrow's game.

The Jayhawkers are expecting an easy victory. They have been holding secret practices, an announcement from Lawrence says, and the first squad has been going thru the freshmen in scrimmage like the Canadians have been going thru the German lines. Mandeville, who is touted as a second Chamberlain, and Neilsen and Pringle are said to be doing great work for the Jayhawkers just now. Needless to say, the Topeka boy who is touted as one of the coming K. U. stars, will be unable to appear in the line up Saturday because of injuries.

Dave Neiswanger, an old student of Washburn, is behind a movement to arouse interest among the alumni and to get as many as possible to accompany the team on their trip to Lawrence.

WASHBURN-K. U. GAME

Tickets for Big Football Clash on Sale at State Journal.

Tickets for the Washburn-K. U. football game which will be played tomorrow afternoon at Lawrence are on sale at the State Journal business office. All who plan to accompany the team are urged to buy their tickets before leaving Topeka.

The Santa Fe train leaving Topeka at 1:15 will arrive in Lawrence just before the start of the game, and a train will leave Lawrence for Topeka at 5:45.

Who Is My Neighbor?
A Moving Picture of Much Interest
Will Be Shown, Monday, Oct. 22
At the GEM Theatre
This picture is one that will interest every Topekan, especially those who are affiliated with the Modern Woodmen of America.
The pictures were taken last June, at Grant Park, Chicago, when 4,000 uniformed Woodmen were encamped there.
A Patriotic Fund
For Modern Woodmen of America
You will also be interested to learn that during the encampment a resolution was enacted by the Head Camp, for the setting aside of a Patriotic Fund, for the purpose of paying death claims to all members who might be so unfortunate to fall in battle during the present world conflict.
The fund is to be raised by an assessment of ten cents on each \$500 of insurance carried. The Modern Woodmen of America is the first among fraternal organizations to establish a fund for the payment of such claims.
Young men of the Stars and Stripes, can you afford to withhold your application for membership in The Modern Woodmen of America?

Leonard to Meet Britton.
New York, Oct. 19.—Benny Leonard, lightweight champion, sets out tonight to conquer a new world. New York is expecting the greatest bout of the year when the Harlemite meets Jack Britton, veteran welter. Britton is practically of championship caliber himself and has always claimed a fluke in the fight by which Ted Lewis grabbed his title. He will weigh 130 pounds and insisted today that the effort had not weakened him. Leonard will scale probably 133 as usual.

Are You Giving Proper Thought to

The Stove Question?

A good up-to-date stove—one built upon scientific principles—one made of first class new iron without, with no loose or open joints will soon pay for itself in the amount of fuel saved, say nothing of the added looks and comfort that it will afford.

We ask that you give this stove question your careful consideration—we ask that you come into this store and let us show you our superb line of—

Acorn Stoves and Ranges

"America's Very Best"

Lots of people buy a stove simply because it's a few dollars cheaper than some other stove; they get it into their head that they are practicing economy, while as an actual fact it is extravagance in the long run. The place to practice economy is not in the initial purchase, but in getting a stove or range that will do all you require of it, with the very least consumption of fuel.

EASY TERMS—We sell Stoves, Ranges, Furniture and Floor Coverings to worthy people on Easy Weekly or Monthly Payments.

Special for Saturday

14-inch Acorn Hot Blast Stoves, will burn slack, soft coal, hard coal orignite. A high grade stove in every particular, made with "Down-draft" Hot Blast Tube with automatic shut-off, anti-puffer damper in front, heavy deflector ring, and machine casted ashpit door and damper. Specially priced for Saturday at.....
